Suraj's file was transferred from department of IT to department of health education. Suraj's computer was seized by the health department authorities. "After the computer was seized and I was no longer able to access any of Suraj's medical records from the portal, I contacted my seniors in MOH and requested them to assist me to retrieve Suraj's records, as his treatment had been stopped." —A senior employee at Mumbai's Mount Carmel Hospital says the hospital has no record of patient Mohit Patel. As of now, Patel is still unable to get back his medical records from the hospital which had allegedly withheld them for months. But, he says, what ails him is not the loss of his medical records by the act of the hospital authorities, as well as its medical staff and other health department of the hospital has no record of the hospital too could have done it in collusion with the health department. A fair number of employees of the hospital too could have been involved in the act for they had access to sensitive information such as a former employee's file or data. But, at this stage, the government has not questioned the hospital on the record. c6a93da74d
