October 17, 2020 - Explore the GREAT WHITE and CO "FILM REVIEWS" board, . This is the 3rd installment in the Deep Blue Sea franchise and shows they are still around. there is always a chance for more. The Deepest Blue Sea is a story about an underwater exploration involving sharks, which is actually an exploration of the human relationship to others. It was made in 2001 and is one of my favorite films, if not my favorite. After it was released, it grossed over \$75 million worldwide on a \$22 million budget, and today it remains one of the best films about people fighting themselves and people fighting others. dd2bc28256
